INDEX SPECIFICATION

INDEX DESCRIPTION

- The FTSE Global Small Cap Index is a sub-set of the overall FTSE Global Equity Series ('GEIS') concentrated on the small capital stocks within the GEIS universe.

The FTSE All-World Index Series TM/SM was launched in 1987. In September 2003 FTSE Group widened the product offering with the addition of FTSE Global Small Cap Indices and broader global benchmarks. To provide a consistent, seamless universe, a single set of ground rules are applied to FTSE Global Equity Index Series (Large, Mid & Small Cap), FTSE All-World Index Series (Large and Mid Cap) and FTSE Global Small Cap Indices. All three are owned by FTSE International Ltd. This document sets out the Ground Rules for the construction and maintenance of the Indices, as adopted by the FTSE Equity Indices Committee.

INDEX ATTRIBUTES

- The following index table shows the specifications of the index and the attributes.

Index Specification	Attribute
Index Codes (Markers)	See Appendix C
Base Date	31 December 1993
Base Index Currency	Local Currencies
Base Value	200

PRODUCT SPECIFICATION
