

FTSE/JSE TOP 40 INDEX

The FTSE/JSE Africa Index Series is designed to represent the performance of South African companies, providing investors with a comprehensive and complementary set of indices, which measure the performance of the major capital and industry segments of the South African market. The FTSE/JSE Top 40 Index consists of the largest 40 companies ranked by full market value in the FTSE/JSE All-Share Index.

FEATURES

- Capital and total return versions of the index are available
- Stocks are free-float weighted to ensure that only the investable opportunity set is included within the index
- Stocks are liquidity screened to ensure that the index is tradable
- The index series is calculated in accordance with the Industry Classification Benchmark (ICB), a global standard developed in partnership between FTSE Group and Dow Jones Indexes
- The index is suitable for the creation of financial products, such as index funds, warrants, certificates and Exchange Traded Funds (ETFs)
- The indices are managed according to a transparent and public set of index rules, and overseen by an independent committee of leading market professionals. The committee ensures that the rules are correctly applied and adhered to. Regular index reviews are conducted to ensure that a continuous and accurate representation of the market is maintained
